Community Appeal

a service provided by **Reclaim-it™**

Can you help?

We have teamed up with leading electronic waste management company **Reclaim-it** for a new project that could help us continue our important work, while protecting the environment.

The Community Appeal is designed to turn your old mobile phones, as well as your empty laser printer and inkjet printer cartridges, into valuable funds.

Did you know?

Most phones end up sat in the drawer or placed in the bin to go to landfill, where they can cause harm to plants and wildlife.

During 2005, more than 310 million Inkjet cartridges and more than 10 million laser toner cartridges were consumed in Western Europe - 85% of these cartridges end up in landfill.

So how does the Community Appeal work?

Reclaim-it will supply a collection point box for your phones and cartridges.

When it is full, all you have to do is call the number on the box to arrange collection . it really is that simple.

Alternatively, **Reclaim-it** can supply reply paid envelopes, which are ideal for sending individual phones and cartridges back to the company.

Once collected, the value of the items will be donated directly to us.

For more information, or to request a collection point box contact our Area Collector Les Fagg MBE. Email leslie.fagg@btinternet.com or telephone 01869 277543
